INTERNAL PACKAGING SOLUTIONS

## BETTER PROTECTION

- ExpandOS™ provides superior blocking and bracing capability.
- Interlocking design creates a protective cocoon around your shipment.
- Unique design helps dissipate vibration energy and reduce settling.
- ExpandOS™ will protect your product from impact shock.
- A reliable, predictable, consistent performing product.

## SMARTER PACKAGING

- Simple, loose fill format, flowable product.
- No complicated packing instructions or training - surround shipped items with the right amount of ExpandOS™ and ship!
- ExpandOS™ fits your package – use for virtually any type of shipment.
- Space saving product is expanded at the point of packaging.

## ENVIRONMENTALLY RESPONSIBLE

- ExpandOS™ are made from fiber certified by the Sustainable Forestry Initiative.
- ExpandOS™ are recyclable.

## SAVE MONEY

ExpandOS™ can help reduce your total package cost.

ExpandOS™ usually reduces:

- Damage costs       - Labor costs
- Material costs       - Storage costs
- Indirect costs       - Inbound freight

## BRANDABILITY

- ExpandOS™ is brandable.
- Add your brand to ExpandOS™

## ExpandOS™ PRODUCT RANGE

### ExpandOS™ VF
**Minimal protection void fill alternative**
ExpandOS™ VF was designed to provide an economical void fill alternative for use in applications that require only minimal protection.
*Use ExpandOS™ VF if you are shipping items that need only minimal protection and cost is a core issue.*

### ExpandOS™ MD
**Versatile protection for most shipping situations**
ExpandOS™ MD is our core product and is designed to accommodate all general purpose applications where product protection is important.
*Use ExpandOS™ if you need protection from damage. ExpandOS™ MD is usually the best choice for most general shipping applications.*

### ExpandOS™ HD
**Protective packaging for heavy items**
ExpandOS™ HD was designed to help protect heavy and dense items during shipment. Made from extra heavy paperboard, ExpandOS™ HD has the strength and rigidity to support and protect your heavy items from damage.
*Use ExpandOS™ HD if you are shipping heavier items that need an additional level of protection.*

### ExpandOS™ XD
**Protective Packaging for extremely heavy items**
ExpandOS™ XD was developed to protect extremely heavy items during shipment. Made from extra rigid paperboard, ExpandOS™ XD is a high performance packaging product that will block and brace your heaviest items from damage.
*Use ExpandOS™ XD if you are shipping very heavy, dense items.*
