We Offer Solutions for Productivity.

Model #Mini-Con C Automated "C" Tray Labeler

- Applies a label from the top, across and down the front and onto the bottom of a package.
- Perfect for clear plastic clamshell and containers used in the baking industry for donuts, muffins, cookies and etc.... Also used for boxes, trays and other types of containers.
- Show product information on the top of the package and nutritional or other important information on the bottom with one label.
- Uses the label to securely seal and provide a tamper evident closure to clamshells.
- Touch Panel controls includes target counter and 5 memory presets.
- Split conveyor with easily adjustable product rails for various width and heights of containers.
- Portable with casters and adjustable height legs.
